

# PANTHER SENTINEL

HARTNELL COLLEGE

Volume XXVIII

Salinas, Calif., Friday, Nov. 7, 1958

Number 6

## Teacher Set Straight by Student

■ Lynne Tavernetti, Hartnell freshman, gives Mr. Walter Leineke, Hartnell speech instructor, some rough treatment during the college-community playhouse production, "As You Like It," which opened last night in the college Little theater. Performances continue at 8:30 tonight and tomorrow night. (Dave Gates photo)

## Queen Election Planned For Reunion of Alumni

Nineteen Hartnell coeds will be introduced as homecoming queen candidates during the rally at 1 p.m. Nov. 14. Preliminary election of a queen has been changed to Nov. 20, while the final vote will be taken Nov. 21. Deadline for filing by candidates was Oct. 30.

During the past two weeks the queen prospects have been presented to local television viewers through posters shown on KSBW-TV. Posters and pictures are being displayed on the college campus.

Candidates and their sponsors are as follows: Diana Astin, Women's Athletic association; Judie Fry, Education club; Diane Byers, Associated Women students; Carla Morin, Intersvarsity Christian Fellowship; Pat Van Aernam, Rooter's club; Judi Jenkins, Block "H"; Georgeann Cowles, Alpha Gamma Sigma; Judi Jenkins, Block "H"; June Kimoto, International club; Marsha Pellissier, Art club; Karen Snyder, drama society; Lynn Watson, Business club; Lotus Zuckswert, Newman club; Aurora Felice, Freshman class; Carol Moore, Ski club; Gwen Humphrey, Associated Men students; Darnell Hirschbach, Music club; Barbara Berry, sophomore class; Judy Rubottom, Vivamus; and Linda Nesler, Young farmers.

The coronation of the queen will be Nov. 22 at the Alumni Alpha Gamma Sigma dance after the Fresno football game. Presentation of the queen will be in an assembly on Nov. 26.

The queen and her four attendants will reign over all homecoming activities, including the alumni breakfast, the parade, and the football on Thanksgiving day.

## Cement Poured For Library

With hopes the structure will be completed by the end of February, builders of the new Hartnell library are finishing the pouring of concrete for the section of the building which is to serve for teachers' offices.

All the walls of the building are in place, and it is expected that the roof will take about a month to complete. According to the construction managers, with little rain and good luck, the roof will be finished by December, when work will then proceed on the floors.

Included in the structure are a main book room with radiant heating, listening rooms, conference rooms, teachers' offices and the O. P. Silliman memorial library.

Ekelin and Small, Salinas building contractors, are handling the library construction and are also beginning work on the new North Salinas high school.

## Dance Is Planned; Jazz Band to Play

The Women's Athletic association and the International club will sponsor a dance after the San Jose game tomorrow night. The dance will be in the Men's gymnasium, and Mr. Robert Lee's jazz band will furnish the music.

## Blood Drive Slated Dec. 1 at Hartnell

Hartnell college students will sponsor the Hartnell Blood Bank day Dec. 1, according to Miss June Handley, dean of women. Dolores Renfro is the student chairman for the event.

All students will be contacted and encouraged to give blood, Miss Handley said. The Red Cross will furnish transportation to and from the blood bank. Further plans will be announced later.

## Two Thespians Sign Contract As Play Opens

One marriage has already resulted from the Hartnell college-community playhouse production, "As You Like It," which opened at 8:30 p.m. Thursday in the campus Little theater. Productions continue tonight and tomorrow night.

The theater-born romance was climaxed in the Salinas Episcopal church recently with the marriage of Daniel Marsh, who plays the stage role of the "Banished Duke," and the former Ruth Eldred, who plays "Celia."

The newlyweds are not stage lovers. Marsh is exiled into the forest by his evil brother. Mrs. Marsh is her real husband's niece in the production.

The play is a light romantic (Continued on Page 6)

## Jaycee Heads Ponder Rules

Eligibility of out-of-state athletes for participation on northern California junior college athletic teams was discussed at last week's meeting of the Northern California Junior College association at Yosemite National park.

Attending the meeting from Hartnell were Mr. Stuart Dufour, college vice-president, and Mr. Lyman Fowler, director of Hartnell's east campus.

A decision on the control of out-of-state athletes was delayed until the spring meeting. At that time a vote will decide whether or not such athletes will be required to wait one year before they may take part in athletics at northern California junior college, Mr. Dufour said.

Last year, a 38-20 vote in favor of the motion missed the required majority for ratification. Many southern California teams enforce the ruling against the out-of-state players.

Approved at the two-day conference was the schedule for six coming California junior college bowl games.

The conference gave approval to the following state playoffs in basketball, swimming, tennis, golf, track, and baseball. The basketball playoffs will be held in March, the others during May.

(Continued on Page 2)

# Jaycees Lose Many Students

Approximately 500 students will be lost by the two Monterey county junior colleges when the Santa Cruz junior college operations begin. According to Dr. J. F. Ching, Hartnell college president, both Hartnell and

## Store Manager Asks Students To Be Patient

"It would help if students would understand our position when they have to stand in line to wait for books," is the comment of Ed Gunther, student store manager. According to Gunther, the store is open four hours a day, the time set by the student store committee.

The hours for the student store will be changed Nov. 10. The new hours will be daily from 8 to 9 and from 11 to 12. There are four student employees at the student store besides the store manager.

The store committee determines student store policy and handles personnel problems. Members of the committee are Ed Gunther, Jack Corea, Gary Steinmetz, Joe Hawkins, Bob Dickenson and Lois Euliss.

## Two Science Classes See Spreckels Plant

Mr. Wilbert Robinson's Botany 1 and nature study classes toured the Spreckels sugar plant last week. The groups spent two hours seeing the plant. They were guided by Mr. Robinson and Bob Jones, Hartnell student and Spreckels employee.

Among points of interest were the Spreckels Sugar experimental station nursery and the powdered sugar plant.

Monterey Peninsula college serve about 250 students from the Santa Cruz-Watsonville area.

Dr. Ching feels voters did the right thing when they approved the formation of a junior college district, but he says Hartnell dislikes losing the students because of the friends Hartnell has made and because of the fine student body officers who have come from the area.

The Hartnell superintendent-president hopes the students who have started at Hartnell will be able to finish their education here rather than be forced to change colleges in the middle of their two-year programs.

In terms of additional building needs, the Santa Cruz-Watsonville withdrawal will give Hartnell a "breather" for about two years, but college officials (Continued on Page 5)

## Study Ended On '58 Dropouts

Employment, marriages and transfers to other colleges were among reasons given by 43 students for not returning to Hartnell college this fall, although they had preregistered last spring, according to a survey conducted by Dr. Lionel Olsen, dean of student personnel.

Responses were received from 54 per cent of the 86 students who did not return. Eighteen students said they had taken full-time jobs, 15 had transferred to other colleges, five had married and nine offered "other reasons."

## They'll Perform with Hartnell Band

■ Majorettes who are performing with the Hartnell college band this season are, left to right, Gloria Everly, Lynne Tavernetti and Ethel Boutte. Trinidad Bulilis was not present for the picture. (Dave Gates photo)

## Many Students Get Deficiency Notices

A total of 710 deficiency notices were sent to about 507 students last week. Some of these students received more than one deficiency notice.

Deficiency notices are pink papers which are sent to students who have low grades in a course. Students who receive notices are advised to see their advisers.

## Students May Lose Campus Card Rights

Wednesday was the deadline for payment of promissory notes on student body cards, according to Miss June Handley, dean of women, who reported that 86 students have not paid for their cards.

Students who have not paid for their cards, will be required to surrender them. Of the 120

(Continued on Page 6)

## EDITORIAL

## Are Conflicts Necessary?

Why is it that "As You Like It," a Hartnell Little theater production which will probably be a success, and the San Jose-Hartnell football game, the biggest thus far this season, have both been scheduled for tomorrow night at eight bells?

The San Joe battle was originally planned as the homecoming game, but thanks to someone those plans were changed. Of course, last Saturday night, nothing was going on — no grid game, no play. The same will be true Nov. 15.

By the way, one majorette will be missing this week since she has the lead in the play. Hartnell is just a busy-busy school. Don't look now, but somebody's communications are crossed.

## KAMPUS KORNER

## New Male Approach Explained by Coed

By Jan Bryer

"Johnny is a joker, he's a birrrd dog!" These snatches from the currently highly intellectual song by the aesthetically pleasing title of "Bird Dog" convey a meaning which college men would like to have aired. The purpose: to inform the new feminine members of a technique popularly known as "bird-dogging."

One of the best ways for "getting to meet new girls" is the coffee date. This can commence any time between 6 p.m. and 2 a.m. The more baffling aspects are:

1. Rarely, if ever, do you buy coffee.
2. Rarely, if ever, do you BUY ANYTHING. Rather, you drive out to some real picturesque spot and talk about the REAL YOU.
3. When you have gotten to know each other better, you drive home, thinking, as you comb your hair, of a way to explain to Mother WHY it takes three and a half hours to drink a cup of coffee — which you didn't. One rather effective method is to stand your ground — you are alone now, for your date roared off as your mother roared out — look her straight in the eye, and say, "lousy service!"

The next night, as you eagerly sit home, your hand resting casually on the telephone, you think wistfully of his passionate declaration of love UNDYING. The soft low words in your ear cooing: "But honey, it's only 3."

RIGHT HERE STOP. This, kiddies, is bird-dogging. Again our little song appears with words of wisdom. "When he sings to my gal, what a howl. To me he's just a wol-dog on the prowl!" This isn't meant to disillusion you. Last night you were the only woman in his life. HOWEVER, the morning after the night before, they explain: "You see, there was this neat doll who transferred to my physical science class. BOY! I mean WOW! I told her how poor I was in physical science and well, errr, um — I've found a new interest in physical science."

These golden lines were lifted from "The Wildcat," Chico State college.

## Yearbook Staff Getting Ready To Meet First Issue Deadline

The yearbook staff, headed by David Swift, is striving toward putting out a fall magazine-type issue, along with the spring graduation issue. The students hope to send the first issue to the printers by Thanksgiving and plan to distribute the magazines sometime in January. They will include the pictures of freshmen, the football and

cross-country teams, faculty group pictures and photographs of other activities.

Some of the copy will have to be sent to the printers late, due to the football game with Monterey on Thanksgiving day, according to Mr. George Abbott, staff advisor.

The graduation issue is expected to be ready about a week before graduation. It will contain the sophomore pictures, spring sports and all other activities.

## J.C. HEADS . . .

(Continued From Page 1)

Though sports discussions seemed to highlight the conference, business sessions were held on planning the junior college campus, in-service teacher training and relationships between the junior college and the state department and state board of education.

## Off the Wall

## Coffee Talk Big Secret

By MAL

Plot Dept.: Wonder what the teachers talk about in the cafeteria over coffee. They are probably plotting against the poor little students. We tried to listen in but couldn't understand the words they were using. Oh well, back to English 1A.

Off the Wall Humor? A bum, came up to us in the street the other day. "Hey, buddy," he said, "how about a loan?" We turned and looked at the poor fellow, then said, "Sure, how much can you spare?"

Date Rate: Don't forget Saturday and the dance following the game. The team is looking better and better; let's see if we can get the rooting section looking the same way. See you there.

Scientific Endeavor Dept.: Do you know those unbreakable cups in the cafeteria? Well, Ramar Beauchamp puts his tremendous brain to the problem of breaking one. After months of endeavor he finally succeeded the other day. Now he has to turn his tremendous mind to the problem of getting coffee stains out of slacks. That's life, Ramar. Just one darn thing after another.

That's "30" for this go 'round. We're still wondering about that Duke bit. Maybe we'll find the answer at the game Saturday.

## Archers Win In City Event

Hartnell college archery entries scored 466 points for first place honors in the coed sports day at San Francisco Saturday.

Members of the Hartnell team were Carl Wolf, who finished second in the men's competition Roger Uyeda, Jeanette Giacomazzi, Harold Ikeda, Bob Adams and Norman Perryman.

Hartnell tennis participants won the mixed doubles as Betty Wolcott and Stewart Liem took first place. Ethel Boutte and Larry Schmidt were second in mixed competition, while Shirley Crader was fourth in women's singles.

Verna Lipska finished first in women's singles for badminton, while Diana Astin and Jerry Chinn led the winning mixed doubles team.

Hartnell defeated San Jose, but tied with the city college entry for fifth place in volleyball. Hartnell's team was sixth in bowling.

## WITNESS FOR THE INSTITUTION

## "Tabby" Charged With Interference

By Raymondo

Would someone like to clue "Tabby" in on some of the expected courtesies extended performers at assemblies, half-time activities, etc.? In the theater there is such a thing as "scene stealing."

Anytime a person or a group performs in front of an audience, he is entitled to the undivided attention of that audience with NO outside distraction. Why doesn't someone make this cat hep?

## Old Pals Clash

Coach Ken Blue was formerly a high school coach in San Jose, and, of course, he is particularly well known and loved in that area. The affectionate rivalry between San Jose City college and Hartnell has produced a series of upsets that have been as ruthless as they have been fraternal.

Last year, Coach Blue and his Panthers jovially knocked the Jags out of the Junior Rose bowl. Of course, the fun-loving San Joseans were hilarious about the affair. But this year the shoe is on the other foot, and it is safe to assume that the power-laden Jaguars will be out to return the favor tomorrow night. In a completely friendly manner, of course.

National elections have come and gone again. Among the interesting national issues was a ballot to vote out prohibition in the state of Oklahoma. This proposition has appeared on the Oklahoma ballot many times in the past only to be defeated.

Although, as we go to press, no returns are in, Dr. B. L. Borough has assured his Poly Sci. class of the outcome. He clarified the issue by stating: "The people of the state of Oklahoma will vote IN prohibition just as long as they are able to stagger to the polls."

And then Bill Throgmorton told about the disappointed school teacher that had no class and no principal. That does it!

## Newman Delegates Attend Convention

Five members of Hartnell Newman club were among the 48 students from nine colleges who attended the National Newman Club Federation of South-central California meeting at Fresno Nov. 2. The purpose of the meeting was to promote leadership as officers or chairmen of club activities.

The Hartnell students who participated in the leadership school were Eugene Marquess, Diane Hayes, Alice Soto, Jim

## Harriers Oppose Jags Tomorrow

San Jose City college will be the next opponent for the Hartnell cross-country runners when the two teams meet tomorrow on the Salinas Golf and Country club course.

Last year, San Jose beat the Hartnell team with a 27-29 score. Bill Lane has been acknowledged as one of San Jose's returning runners who is very good.

## Danish Woman Is Hart Enrollee

■ Lissi Dalager, Danish student at Hartnell college, looks over some old newspaper files during a recent visit to the Salinas Californian. (Photoengraving courtesy Salinas Californian)

## Dalager Plans to Be a Teacher; Goes Home to Denmark Soon

Lissi Dalager of Denmark is one of the many foreign students attending Hartnell. She was born in Denmark on Jan. 13, 1939. She plans to go back to Denmark at the end of the college year.

Miss Dalager passed the higher school certificate at Falkoner-gardens Gymnasium, in Frederiksberg, on June 22, 1957. Her classes there included Danish, English, German, French, Latin, history, natural science, geography and written exercise.

As may be suspected from her classes, her main interest is languages. She plans to be a teacher when she finishes her education.

## Ex-Hartnellite Wins Orchestra Position

Richard McCann, who attended Hartnell college last year and is the son of Mr. Lorrell McCann, music instructor, received a position with the phoenix symphony orchestra. McCann, a sophomore at Arizona State college, is majoring in biological science and minoring in music.

He received the position of cellist in September when he auditioned and was accepted by the orchestra. The Phoenix symphony orchestra conducts a series of concerts each year.

## International Club Offers Scholarship To Two Applicants

Applications for the scholarships being offered by the International club await students. The scholarships are divided into two categories: one for a foreign student who will continue his education at Hartnell college or transfer to other institutions in the United States, and another for American students who will study abroad.

Eligibility requirements for scholarships are membership in the International club, a "B" average, and selection by a committee of three faculty members and one International club representative.

The amount of scholarships is \$100 for each eligible applicant. Interested students can see the club president at a club meeting. The club meets at

## Students' Palatability Shown in Findings

Vital statistics in a census taken of the Hartnell cafeteria reveal the habits of the more glutinous members of the student body. According to cafeteria workers, approximately 150 dinners, 160 sandwiches and seven dozen hamburgers are served daily.

In the sweet-tooth department, the cafeteria staff finds it necessary to have ten pies, two cakes, two dozen "snails," and seven dozen doughnuts on hand each day.

For those who prefer to simply sit and sip, about seven cases of milk and three cases of

orange juice are delivered each morning, and seven pounds of coffee are downed daily.

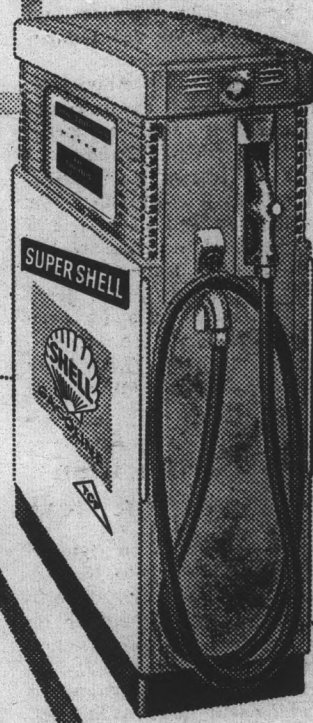

Although no actual count could be taken, quite a few fruit and vegetable salads plus literally thousands of chili beans are sold each week.

## Educators' Proceeds In Sale to Aid Club

The Education club held a cake and cookie sale in the cafeteria on Nov. 5. The purpose of the sale was to raise money for the club treasury. The club has formed a committee to plan a constitution and will help construct a float for the homecoming parade.

"Get rid of Spark Plug 'Miss'—  
greatest cause of power loss.  
Put your car next to the  
New White Pump"

TCP  
adds  
Anti-Miss  
to  
anti-knock

WHY SETTLE for "part-time" performance from your car? Why put up with lazy power on hills, on get-aways? Instead, drive up to the new white pump at your Shell Dealer's and fill up with Super Shell with TCP\*. TCP adds anti-miss to anti-knock.

Spark plug "miss" is the greatest cause of power loss today! It can rob you of 20 to 30 horsepower.

This "miss" is caused by harmful deposits that short-circuit the spark plugs—keep them from firing the fuel charge. But TCP additive neutralizes these deposits, stops misfiring and restores lost horsepower.

And don't forget that new Super Shell contains aviation fuel ingredients that give it higher octane for anti-knock—extra energy for better mileage.

So with anti-miss, anti-knock, and better mileage, too—doesn't it make sense to get Super Shell.

\*Shell's Trademark for this unique gasoline additive developed by Shell Research.

Totally New **Super Shell** with TCP

The most powerful gasoline any car can use—Plus TCP for Anti-Miss

## Room Aids Students

The commission room in the student union serves a double purpose for the student body. Besides being a meeting place for commissioners, a number of engineering students finds it a convenient place to study.

The room has a blackboard on which students work their physics, mechanics or mathematics problems. Proximity of the room to the cafeteria permits discussion of academic matters over a cup of coffee.

## Pottery Class Stepping Stone To Other Arts

"Use the potter's wheel and then get it ready for firing." Sounds strange, doesn't it? It is not strange to the 11 students enrolled in Mr. L. K. Amyx's Tuesday and Thursday ceramics class. They know he is referring to preparing clay, before baking it in a kiln.

The course began last fall with two students and increased to 11 students in the spring. The class this year is composed of a combination of students, some majoring in art, some taking the class as an elective and three students taking the class as a hobby only.

Each class day begins with a short lecture period after which students begin working on various clays, glazes and technical processes. The class makes simple bowls, cups, plates and vases. The advanced students make figures, and sculptural and abstract designs.

### Sale Planned

There will be a class exhibition later in the semester and a sale at which time ceramics will be sold. The proceeds will go toward the Art club scholarship.

According to Mr. Amyx, the course is designed to contribute to education and utilitarian craft and is an introductory course for ceramic engineering. It also fills a requirement for industrial art and art majors.

Members of the class are Nemesio Abubo, Robert Adams, Clara Ano Nuevo, Mrs. Jeanette Armbruster, Beatrice Charette, Mellie Cole, Shirley Edsberg, Mrs. Ruth Lapidus, Mary Martinez, Barbara Miller and Lauria Vadnais.

## Open Forum Plans Formosa Topic Next

The open forum on right to work was the first to be presented this year under the student commission committee especially organized to promote such student functions.

Last year, panel discussions on "Keeping Our Economy Strong," "Current Problems of American Youth" and "California's Problems for the Next Decade" were presented.

## Ex-Hartnell Student Records Ballad

Staten Johnston, former baritone with the Hartnell college choir and Madrigal singers, is heard on a new recording, "Joaquin Murrieta," a ballad about the legendary early California bandit.

Johnston has appeared as a soloist in Monterey theaters, as well as with the Salinas Junior

## Students Learn Pottery Making

■ Mr. Leon Amyx, Hartnell college art instructor, gives some pointers to two students in his ceramics class. The students are Nemesio Abubo and Mrs. Ruth Lapidus.

## Former Hartnell Teacher Speaks To Rookie Engineering Students

R. T. Carlisle, former Hartnell science instructor, discussed rockets and missiles at Mr. W. R. Bullis' introduction to engineering class Oct. 24.

Carlisle emphasized the importance of being able to explain ideas to others, pointing out that a good idea might be lost if the scientist or engineer is unable to "sell it" to his superiors. He also discussed training needed for weapons work.

The former faculty member is head of the air-to-surface division at the naval ordnance test station at China Lake. He also serves as a recruiting agent. In the spring he will contact colleges in the midwest and Rocky mountain areas in search of graduating scientists and engineers who are interested in working in the navy rocket and guided missile program.

Woman's club show and in civic productions in San Jose and Los Angeles.

## Ensemble Performs For Music Group

The Hartnell college concert ensemble under the direction of Mr. Lorell McCann presented a program for the Friends of Music Wednesday evening.

A feature of the program was a solo, "Concerto in C Major," by Sharon Tedrick.

## GREEN'S CAMERA SHOP

350 Main St., Salinas

## Open Forum Panelists Discuss Initiative 18

By Phyllis Buckhanan

"How Right Is the Right-to-Work?" was the subject discussed at an open forum Oct. 29, in the student lounge. The program, organized by the student commission, argued the pros and cons of proposition 18 which concerned the right to work.

Students' questions on the measure were answered.

Talking in favor of proposition 18 and for right to work were E. M. Seifert, Salinas produce man and past president of the Western Growers association, and Leonard Fletcher, a former teacher at the University of California at Davis, who has served as president of the American Society of Agricultural engineers. The two men are co-chairmen of the Monterey county committee, "Californians for Yes on 18."

Against the issue were Allen G. Pattee, incumbent candidate for district assemblyman, and George B. Roberts, California director of the AFL-CIO.

Dr. Howard Braverman of the Hartnell history department served as moderator. About 200 students listened to the discussion.

The speakers traced some of the history of labor legislation in this country and mentioned current status of right-to-work in other states. The Taft-Hartley act was used as a means of

argument on both sides, and panelists used personal experiences and anecdotes to document their talks.

## Chairmen Named

Eugene Marques, president of the Newman club, appointed committee chairmen at the club's council meeting. The chairmen include: Jim McPharlin, religion; Dee Hanley, social; Beth Pleche, membership; Edith Tomasello, constitution; Harry Flint, parliamentary; Louie Ortiz, house, and Ed Esperante, public relations.

## Panthers Rank No. 4 On Nation's JC Listing

Hartnell college is rated fourth in the nation among junior colleges, according to information received this week from Maj. L. B. Chapman of the All-American Gridiron index in Glendale.

Jim Huffman, Hartnell student commissioner of public relations, has received a letter from Major Chapman which states in part: "We have made predictions on Hartnell each week. We have missed two, as you were a lot better than we figured, and it took about two weeks for us to catch up with you."

"A lot better" is the understatement of the year. Preseason ratings by the index did not mention Hartnell in a listing of 50 junior colleges. Cerritos, which nosed out Compton, 12-7, was listed fifth, and was rated fifth in the nation. This was the highest rating given a California junior college. Compton ranked seventh and Fresno was ranked sixteenth. Vallejo and Porterville were far down the list.

### Vallejo Favored

Hartnell was picked for sixth in the Coast conference, with Vallejo, Diablo Valley, Menlo, San Jose, Monterey and Hartnell chosen to finish in the aforementioned order.

The rating service admits the difficulty of preseason ratings for junior colleges. Coaches are asked to assist in the predictions, but they are unable to give definite information on which players will return or which high school players will enroll at a particular college.

"We would like plenty of info. on Hartnell, as they look like a very good Junior Rose Bowl prospect," Major Chapman concluded.

## Six Footballers On Star Ballot

Six Hartnell college football players have been nominated to play in the East-West junior college all-star game in Stockton Dec. 4. Balloting will take place in a few weeks.

The players are Ken Blanton and Julian Aguilar, ends; Bob Harrison, tackle; Bill Elliott, center; Bob Cabanyog, halfback, and Jim Stireman, fullback.

To be eligible for membership on the team a player must be completing his junior college eligibility this season. Athletic ability, classroom work and participating in campus activities were to be considered in the balloting.

## Hartnell, San Jose Share League Lead

After the third week of league play, Hartnell and San Jose emerged as the only unbeaten teams in the Coast conference, both the Panthers and the Jaguars having 3-0 records.

Last week, while Hartnell was downing Menlo 27-0, San Jose rolled over Diablo Valley 44-6. In other league action Monterey edged Vallejo 20-18. Monterey now trails Hartnell and San Jose with a 2-1 record, while Vallejo stands 1-2 in loop play. Menlo and Diablo Valley each have 0-3 records.

## Harts Triumph In Vallejo Race

The Hartnell cross-country team defeated Vallejo college, 21-41, Saturday at Vallejo.

Though Vallejo's Nick Honodell took first place, he was followed closely by most of the Hartnell squad, as the Panthers copped seven of the 10 placing spots.

In second place was Rudy Garcia. He was followed by Bruce Logan, third place; Dennis Davidson, fourth, and Keith Miller, fifth.

Paul Montgomery of Vallejo placed sixth before Hartnell's Gary Russell, seventh, and Truman Bankston, eighth.

## Stireman and Cabanyog Tied In Race for Grid Scoring Lead

Jim Stireman, fullback, and Bob Cabanyog, halfback, are tied for scoring honors for the Hartnell Panthers with 44 points each.

Stireman leads in touchdowns with seven, while Cabanyog and Dick Juarez have five touchdowns each. Cabanyog gains the tie with Stireman because of 14 extra points.

Cabanyog continues to lead the Panthers in rushing with 447 net yards for an average of 7.3 yards per carry. Stireman is second with 376 yards for a 6.1 average. He has played one less game than Cabanyog.

Wayne Handley, quarterback, has completed 60 per cent of his passes for 303 yards. His leading receivers are Ken Blanton, who has seven receptions, and Julian Aguilar, who has caught six passes. Injuries have hampered Aguilar who has seen little or no action in several games.

As a team, Hartnell boasts an

## JAYCEES LOSE . . .

(Continued From Page 1)

plan to go ahead with plans and specifications for a new science building which will be needed within two or three years.

Other buildings contemplated within the next eight or ten years include a fine arts building, additional physical education facilities, classrooms, counseling and records offices. These will be built as they are needed, Dr. Ching said.

## Recreational Sports Available During Recess at Noon

Geraldine Bosco, manager of recreational tennis, reports that four men and four women have signed up. The group meets every Tuesday and Thursday at noon.

Anyone wishing to participate may dress and be on the courts at 12:15 p.m. Those taking part at present are Miss Bosco, Pearl Mak, Shirley Crader, Bea Tanda, Betty Colcott, Ethel Boutte, Larry Smith and Jerry Chin.

It is also possible to sign up for recreational badminton.

The captains of the teams and their standings after one week of play are, Verna Lipska, first; Sandra Yoshida, second; Jo Love, third; Ruth Lanfear, fourth; Jere Frazier, fifth; Justa Pagacian, sixth, and Diana Astin, seventh. Miss Love is the badminton manager.

## 14 Colleges Expected For Coed Sports Day

Fourteen junior colleges have been invited to participate in a coed play day at Hartnell tomorrow morning. Contestants will meet at 9 a.m. for coffee and doughnuts. Games will start at 9:30 and will last until noon when dessert and soft drinks will be served.

Colleges invited to participate include: San Mateo, San Francisco, Marin, Diablo Valley, Foothill, Monterey, Napa, Oakland, San Benito, San Jose, Santa Rosa, Vallejo and Contra Costa.

Games will include archery, bowling, badminton, tennis and volleyball. Balls and birdies will be furnished, but students must bring their own rackets.

Hartnell captains are Bob Adams, archery; Jo Love, badminton; Geraldine Bosco, tennis, and Floyd Salmon, bowling. The Women's Athletic association is hosting the event.

San Jose City college is expected to bring a busload of students. They will remain for

the football game and the dance which will follow the game.

## Foothill Joins Loop

Foothill college, newest junior college in northern California, will become a member of the Coast conference and will play Hartnell at Salinas Nov. 14, 1959. Bill Abbey, former coach at Monterey Peninsula college, is director of athletic at the Mountain View college.

## Captains Elected

The Hartnell football team has elected Bob Harrison and Ken Blanton team captains for the balance of the season.

# Panthers Meet Upset-Minded Jaguars

## GREG'S GRIPES

### Panthers Smell Roses

By Jim Gregory

Santa Monica's 30-23 win over Bakersfield, last week end, left Hartnell and Santa Monica as the top candidates for the Junior Rose bowl.

In the recent Northern California Junior College Student Government association meeting, a measure was proposed that the top three teams from the north, and the top three teams from the south have a playoff to decide who would take part in the Junior Rose bowl. Hartnell was the only college which voted against it.

Some of the colleges in the Coast conference questioned Hartnell's intentions in opposing the resolution. According to Bill Throgmorton, who cast the negative vote, "The Junior Rose bowl is a privately owned organization, and the students deciding on such a measure would only tend to give the impression they were trying to tell the Junior Rose bowl officials how to run their organization."

If such a measure were approved by the Rose Bowl committee, which isn't likely, a six-team playoff could go well into the winter. There is still the problem of picking the six top teams in the state. No matter how the selection is made some opinion is involved.

If San Jose wins over Diablo Valley and Menlo, the Jaguars have racked up scores larger than Hartnell's scores. According to comparative scores, one opinion is that San Jose should be ranked over Hartnell. The game Saturday will decide.

A lot has been said about the Jaguars wanting to get revenge for the loss they suffered last year when they were planting roses, but we repeat once more: Panthers, beware; it could happen to you!

### Four Pigskin Teams In So. California Have Perfect Marks

The week end left four southern California teams undefeated. They are Santa Monica, Riverside, Orange Coast and Ocean-side.

Santa Monica won the big game with a 30-23 victory over previously - undefeated Bakersfield. The Santa Monica team had a 14-point lead at the end of the first half, lost it in the third quarter, and then came back to win the game.

Riverside beat Santa Ana by a score of 33-2. Santa Ana was unbeaten. It was Santa Ana's worst defeat in eight years. All of Riverside's touchdowns were made on ground plays.

Orange Coast stopped Citrus 40-8. The only blemish on their record is a 6-6 tie with Fullerton.

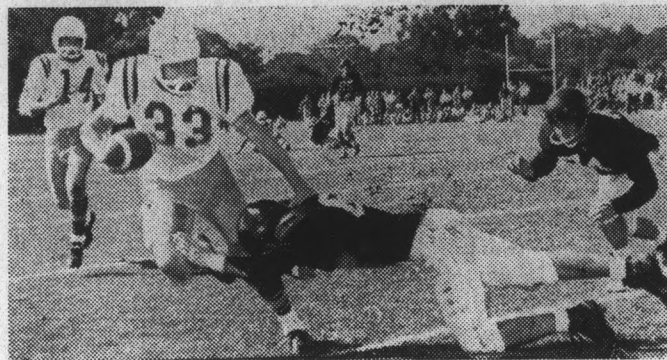

### THE SPIANS . . .

(Continued From Page 1) comedy which borders on farce. Mr. Walter Neineke, Hartnell college speech instructor, and Lynne Tavernetti, a freshman student, have the lead roles.

JIM GREGORY • SPORTS EDITOR

### Stireman Cuts Loose for Long Gain

■ Two Menlo tacklers move in on Jim Stireman, Hartnell fullback, as the South San Francisco speedster chalks up yardage against the Oaks. Moving in for a last second effort to help his teammate is Wayne Handley, Hart quarterback.

### Panthers Rout Falcon Eleven

A 23-point second quarter sparked the Hartnell Panthers to a 41-6 romp over the Vallejo Falcons Oct. 5. After a scoreless first quarter, the Panthers turned in three touchdowns and a safety in the big second quarter to start the rout toward their fifth win in a row.

Jim Stireman, on a one-yard plunge; Wayne Handley, on a quarterback sneak; Dick Juarez on a 30-yard pass from Bill Riddle; Chris Machado, on runs of one and six yards, and Vern Horton, on a six-yard run, accounted for the Panther touchdowns, while Jim Stireman

dropped a Vallejo halfback in the end zone for a Hartnell safety.

### Hartnell Eleven Entombs Menlo

The undefeated Hartnell Panthers romped to their sixth straight win Saturday morning when they outlasted the stubborn Menlo Oaks, 27-0, on the Menlo Park gridiron.

A pass from Dick Juarez to Ken Blanton gave the Panthers a 6-0 lead in the first period. They made the halftime margin 12-0 in the second period when Wayne Handley went over from the one-yard stripe.

Superiority of manpower became obvious in the third quarter as the Panthers broke loose for 15 points on a six-yard touchdown run by Bob Cabanyog and a 47-yard scoring sprint by Jim Stireman.

The rugged Hartnell line held Menlo at a virtual standstill as the Oaks compiled a net yardage for the day of a minus 12.

### Volleyball Ends Second Round

The second round of intramural volleyball ends this week. The standings at the first of the week found teams one and two tied for first place with 8-1 records. Team six was in second place with a 4-4 mark. Team five follows with a 3-5 record and then team three with a 3-6 mark. Team four has yet to win and has a record of 0-9.

### STUDENTS . . .

(Continued From Page 1) cards sold by notes at the opening of the semester, 23 have been paid for or partially paid for, while 11 have been withdrawn or turned in. Students who have not paid for their cards will not be able to use them, Miss Handley said.

### Harts Stake Unmarred Record In Seventh Outing Tomorrow

Hartnell hosts San Jose City college at 8 p.m. tomorrow in what could prove to be the toughest game of the season for the unbeaten Panthers.

The Jaguars defeated Diablo Valley last week, 44-6. Two of San Jose's touchdowns came on passes from Chon Gallegos to Jim Cadile. So far this Cadile has caught eight touchdown passes in seven games.

Coach Fredz Silva of the Jaguars calls Cadile the best end in northern California jaycee football. Gallegos beat out last year's first string quarterback, Joe McAnerney, for the starting berth.

### Koshiyama Shines

Another player to watch on the Jaguar team is Halfback Tom Koshiyama. The five-foot ten-inch, 160-pound back is a constant breakaway threat.

San Jose has been defeated only once this year, and that was a 28-26 loss to strong San Mateo. The Jaguars have yet to be defeated in league play, and the winner of the San Jose-Hartnell tilt will take over first place in the league. Hartnell can clinch a first-place tie for the crown by defeating the Jaguars.

The probable starting lineup for San Jose is, quarterback, Gallegos; right halfback, Koshiyama; Ernie Stevenson, fullback; Bill Vernard, left halfback; Cadile, left end; Rod Sprecher, right end; Jim Meeks, left tackle; Bob Baucom, right tackle; Tom Wilsam, left guard; Dick Ashby, right guard; Bob Argo, center.

Hartnell will be looking for its seventh straight win this season, and the lead in the Coast conference. Coach Ken Blue will probably go along with Wayne Handley at quarterback, Bob Cabanyog and Dick Juarez at halfbacks, and Jim Stireman at the fullback slot.

Julian Aguilar will probably start at one of the end positions if his ankle is healed. Ken Blanton will be at the other end position. Bob Harrison and Mike Porter will be the tackles; Don Rohrke and Roger Anderson will be the guards, and Bill Elliott will start at center.

Looking for a  
Car Coat?  
Campus Coat?  
Ivy Leaguer?

You will find them all here in a wide variety of styles and in scads of colors. As good looks stem from inherent quality and authentic styling, we feature those created and produced by Whiting. All coats are tailored for you in a complete size range —so you are certain of a perfect fit.
